DECLARATION

As a below named inventors, we hereby declare that:

Our residences, post office address, and citizenship are as stated below next to our respective names,

We believe that we are the original, first, and sole inventors of the subject matter which is claimed and for which a patent is sought on the invention entitled: <u>METHOD FOR PRODUCING</u>
<u>CLEAN ENERGY FROM COAL</u>, the specification of which is attached hereto.

We hereby state that we have reviewed and understand the contents of the above identified specification, including the claims.

We acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, §1.56.

We hereby claim foreign priority benefits under Title 35, United States Code, §119 of any foreign application(s) for patent or joint inventorship certificate.

We hereby claim the benefit under Title 35, United States Code, §120 of any United States application(s) insofar as the subject matter of each of the claims of this application is not disclosed in the prior United States application in the manner provided by the first paragraph of Title 35, United States Code, §112, we acknowledge the duty to disclose material information as defined in Title 37, Code of Federal Regulations, §1.56 which became available between the filing date of the prior application and the national or PCT international filing date of this application.

We hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

| Full name of first inventor Albert Calderon | |
